Go Innovate and Impact Communities 

A scenic view of the Riara River, showing a section with rapids and a waterfall. The water is a vibrant turquoise color, churning with white foam as it flows over rocks. The river is surrounded by dense, lush green vegetation, including tall pine trees and various shrubs. The sky above is a clear blue with scattered white clouds. The overall atmosphere is one of natural beauty and tranquility.

The process of education
from kindergarten through
primary, secondary and
university, flows like that of
the perennial Riara River:
forever challenging, forever
nourishing, forever fulfilling.

Founders' Message

You are Our True Pride and Joy

Go empower lives and impact communities not only in Kenya and Africa, but also across the globe.

It gives us immense pleasure and joy to join you and your loved ones on this your crowning moment of glory and achievement. As we mark a very important day in your lives, whereas you are being crowned today, we know that it has taken you many sleepless nights, many hours of study, and many challenges, but you have finally overcome! We applaud you for all the effort you have put into your studies, every sacrifice, every sleepless night, and every hurdle you have had to overcome. It is said that champions are not crowned on the podium, but rather on the training ground. We are delighted that the training you have received at Riara University so far has resulted in great success for you individually and as a Class of 2020.

When we started the Riara University, it was for moments like these when we see truly nurtured lives ready to face the world.

Our prayer is that you will never stop learning; never stifle your God-given curiosity; and never stop asking questions. Above all, never let anyone or anything put you down. God has endowed you with immense talents, passion, and capacity to impact His Creation in deep and diverse ways.

We have done our part and will continue to invest available resources to nurture you to your full potential. But the responsibility of impacting the world lies with you. Humanity locally and globally continues to grapple with many challenges. These include poverty, disease, hunger, security, environmental degradation, access to clean and affordable energy, violence and, injustice, among others. You must also remain alert to emerging challenges such as Corona Virus, Locusts and governance.

It therefore behooves you as a Riara graduate, to live up to our motto of Nurturing Innovators, and go create solutions that not only address humanity's deepest challenges, but also bring dignity to all, especially the downtrodden. You are a special gift to the world. As such, ensure that you do not deny humanity the blessing of your God-given talents and abilities. Exude the confidence of a true Riara graduate at all times. Go empower lives and impact communities not only in Kenya and Africa but also across the globe.

In your hands and mind lie solutions that many are yearning for. Seek therefore to be at the forefront of creating solutions, both big and small wherever you go, starting with your own life, your dear ones, the companies you will create, the companies you will work in, as well as in the communities you will live or operate in.

It has been an immense pleasure to interact with you and we look forward to continue the learning journey with you and to hear of your amazing innovations in days ahead.

You are our true pride and joy and we feel immensely privileged to share this glorious moment with you and your loved ones.

Heko, Riara University Class of 2020!

Chancellor's Message

You... our hope for a better world

I feel privileged to be presiding over this 4th Commencement Ceremony of Riara University; to bear witness as you come to your own, a culmination of your hard work.

As you prepare to leave Riara, you are venturing into a world that is rapidly changing. I know that every generation has felt the same but there is evidence to the fact that the pace is accelerated in our time. From technological advancement in the field of artificial intelligence and self driving vehicles, to robotic surgeries and gene editing in the medical field, we are seeing many firsts in our lifetime which previously would have taken several generations to happen.

We have youth claiming global recognition and affecting global policies. Malala Yousafzai, now 22, became the youngest Nobel Prize laureate being the recipient of the Nobel peace prize in 2014 at the age of 17. Another 17 year old Greta Thunberg is causing global waves with her environmental activism on climate change. She was named the Time's Magazine person of the year for 2019.

From our homeland, we have Lupita Nyong'o, the first Kenyan to win an Oscar Academy Award for Best Supporting Actress in 2013 for her role in the film 12 years a slave; not to mention her role in Black Panther.

You too go into this world as our hope; our hope for a better world.

We have taken the time to prepare you for the world. While things are changing at a momentous pace, there are certain things that have been, are, and will remain relevant. Strength of character and a clear moral compass will remain true North no matter what the future looks like. Resilience and hope will bear you in good stead. You must always keep hope alive; for hope leads to action, to innovation and provides the strength to try again and again and again if need be.

The theme of your commencement is: *go innovate and impact communities*. This should tell you something about our hopes and expectations of you. A university education is wasted if it is pursued simply for the pleasure of academic discourse. It should serve to broaden your mind; to expose you to the possibilities that exist out there, but not just the possibilities, also the myriad of problems plaguing our world.

However, exposure in and by itself is not enough; this is not where your training stopped. May your training spur you; stir a fire in you, a burning that will not let you rest till you put your skills to use. We have equipped you with the skill set to adapt, to learn, unlearn and relearn as the situation may call for, to innovate, to be the solution holders and to face the future with confidence.

I am therefore charging you to go forth like a light in the dark; to offer solutions, and where none exist, to innovate, as you have been trained. I am asking you to create positive and meaningful impact in whichever part of the globe you'll find yourself; to be unafraid to step up to the challenges as they may come.

You are equipped; now go innovate and impact communities. Felicitations!

Chair, University Council Message

Stand for who you are and for what you believe in

On behalf of the University Council, I join your family and loved ones to congratulate you most sincerely on your graduation today. You have indeed made all of us very proud to be associated with you and to have played a part in facilitating this your success.

The University Council has and continues to avail the resources, policies, structures, systems and oversight to ensure that education at Riara University is not only of the highest quality, but that you have a transformational learning experience too. For those continuing your studies with us, we remain truly committed to enhancing learning experience for you, in order to help you unlock much more of your God-given potential. I congratulate you for choosing Riara University for the continuation of your journey of learning and personal transformation. I urge you to fully utilise the University resources, both human, technical and physical, to ensure that you hone not only your knowledge and skills, but also your talents and passions, and bring them into alignment with your dreams and aspirations, as well as the expectations of your loved ones and society.

For those transitioning to self-enterprise, employment, or further studies, I charge you to remain true to yourself and to the ideals you have developed at Riara University. From my experience of several decades in the Corporate World, I can assure you that the world has no room for mediocrity, rather, the world seeks innovators and solution providers that you have all been very well trained to be. In addition, the world seeks human beings that are passionate about what they do, dependable, and always willing to challenge themselves to greater levels of personal and collective success. Wherever you find yourself, seek to stand out from the crowd, based on your excellence, integrity, team-spirit and love for human centred success. Be ever willing to step-up to the plate, take responsibility over your personal life and those under you, stand for the truth, stand for justice, stand for who you are and for what you believe in.

We place the hopes of humanity into your able hands and we, the members of the University Council, and indeed the entire Riara University community, will be cheering you on, every single day of our lives. You are our true heroes and heroines.

Hongera Class of 2020!

Vice Chancellor's Message

Make a Positive Impact, Daily

Today, I am filled with immense joy as we mark our 4th Commencement Ceremony. You, our graduands, joined us with the unbridled passion that only youth can confer. Together, we have worked to train, guide, mentor, rebuke and temper that passion to forge it into a formidable character. A character that understands the value of hard work, integrity and professionalism; a character that has the mettle to withstand the upheavals of life, to innovate and adapt as the situation requires, to endure, and to take responsibility over “the individual” and “the community”.

For those continuing with us, I am delighted that you have given us the immense privilege to continue to grow and innovate together. You have our full commitment that this will be an even more interesting and fulfilling journey.

For those sadly leaving, we dreaded this moment. As you leave, I would like you to meditate on the word ‘*impact*’. One of the definitions offered by The Oxford Dictionary on the word ‘*impact*’ is ‘*a marked effect or influence*’. Impact is not fame; nor is it success in the context of which success is often understood. Impact is about contribution; impact is LEGACY. What that legacy is depends entirely on you. It is interesting to note that the word *impact* is neutral; it does not dictate; rather it offers you a choice of the kind of impact you wish to make; whether negative or positive. And while the word may be neutral; it is not a fence-sitter; there is no indecisiveness; there is a clear effect one way or another; for good or bad; but an effect nevertheless.

We are sending you off with the charge to go innovate and impact lives and communities out there. Choose to make an indelible positive impact in every life that you will be privileged to interact with, wherever in a boardroom or a kiosk, an office or a family gathering, an international flight or a hospital bed. Impact wherever you will be privileged to serve. Remember, every day you live, you are building your legacy and that legacy will outlive you.

Fame, money, and success come and go; but legacy carries on because it touches other lives apart from our own. It uplifts others and encourages them to follow your footsteps, and to honour our contribution to them and the world.

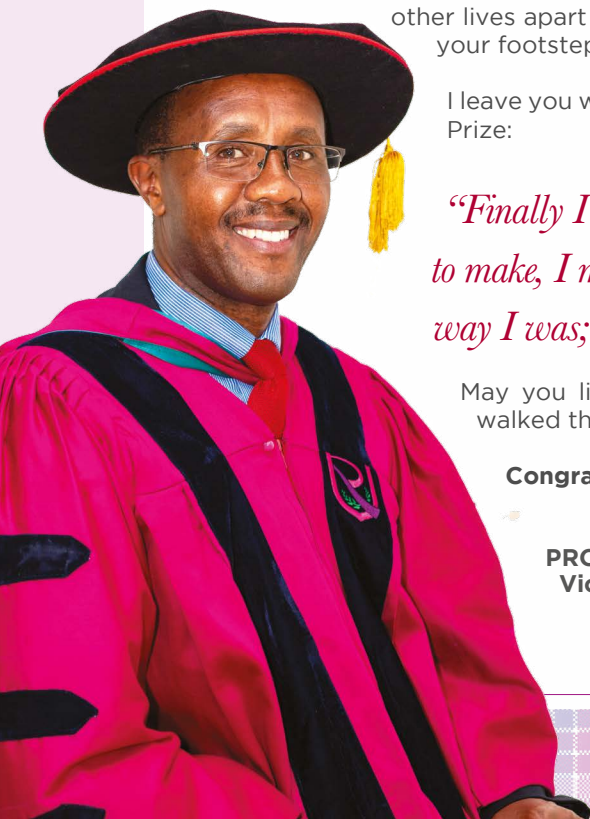

I leave you with the words below from the only Kenyan to have won a Noble Prize:

“Finally I was able to see that if I had a contribution I wanted to make, I must do it, despite what others said; that I was OK the way I was; that it was all right to be strong”- Wangari Maathai

May you live to be counted amongst the greatest human beings that walked the face of the earth; you have it in you; YES YOU DO!

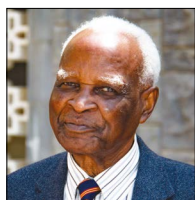

Congratulations Class of 2020!
