

8TH COMMENCEMENT EMPOWERED CHANGEMAKERS

Friday 12th July 2024
Riara University, Nairobi, Kenya

A photograph of a courtyard at dusk. In the background, a large, light-colored building with a crenellated roofline is visible. Several windows are illuminated from within. In the foreground, there is a paved area with several tables and chairs, each accompanied by a large patio umbrella. The sky is dark blue, and a small, bright light, possibly the moon, is visible in the upper center. The overall atmosphere is calm and serene.

Founders' Message

Do your part in positively shaping the history and trajectory of our country and the world.

Congratulations Class of 2024 on this your Commencement Ceremony!

I cannot imagine a more suitable time for your Class to be called **The Vanguard**s based on what you, Gen Zs, have achieved in the last few weeks. However, I want to remind you that you are not only Gen Z, who every indication shows will be the greatest generation in the history of our country, but you are an empowered changemaker as a graduate of Riara University. As **Vanguard**s, your passion for change is contagious and we look to you as catalysts for positive change in the world and to lead it with passion and great responsibility.

When we established RU in 2012, our desire was to make it a home for dreams, talents, and aspirations of young people where they would be moulded to become empowered changemakers. We have made every investment to that effect and we have passed on the values of excellence, innovativeness, professionalism, integrity, and courage to make positive change and impact the world over. We urge you to cherish the skills, values, friendships, relationships, and associations that you have acquired in RU as you will cherish them deeply in the years to come.

Most, if not all of you are young enough to be our grandchildren. That is three generations apart. We, the Founders, have been privileged to live through three completely different phases of Kenya. When we were born, Kenya was a British Colony and our parents were fighting for independence. Back then, even with a high school certificate or college diploma, one was guaranteed a job. The period was optimistic, and we were proud of our country. But the hopes we had for independence were soon dashed by the many changes in the country and across the globe. Unfortunately, some of the choices we made as a country, saw the erosion of democratic ideals, and a shrinking economy in the 1980s and 1990s, made worse by the HIV/AIDS pandemic that killed millions. To our credit, we fought for multiparty politics in 1992, greatly enhancing our democracy.

...you are not only Gen Z, who every indication shows will be the greatest generation in the history of our country, but you are an empowered changemaker as a graduate of Riara University.

Further, in 2007 and early 2008, when most of you were young, we had post-election violence and in 2010, we ushered in our constitution that has made it possible for you to enjoy the privileges you enjoy today. Your parents, which is the second generation, grew up in a Kenya that was less open democratically, and in an economy that was shrinking and most did not enjoy the kind of privileges that you enjoy today.

The reason we have given you this short history is to challenge you to do your part in positively shaping the history and trajectory of our country and the world, and you have proved that you love this country passionately.

However, we remind you that it is easier to agitate *against* something than *for* something. Frantz Fanon wrote, “*Each generation must discover its mission, fulfill it or betray it, in relative opacity.*” That is the choice you have to make.

What is your mission? Will you fulfill it? or, Will you betray it? Remember, you owe your older selves the best life, and your children a much better world.

As you graduate, we urge you to always carry the RU and Kenyan flags high, and may you be counted among the GREATEST of the world, continuously driving positive and impactful change from within yourself, radiating to the entire world. Remember Alvin Toffler, who said, “*The illiterate of the 21st Century will not be those who cannot read or write, but those who cannot learn, unlearn, and relearn.*”

Chancellor's Message

Be role models to others and the future generations

Congratulations Class of 2024!

It is a special privilege to join you today to officiate and celebrate your Commencement. As your Chancellor, I applaud you immensely for this great achievement, which would not have been possible without your tireless dedication and the support and selfless sacrifices made by your parents, guardians, friends and family.

My sincere gratitude is also extended to our distinguished faculty and the management for the tireless work they do to ensure the seamless transition of our students from freshmen and women to the proud graduates we are celebrating today.

As you embark on this new chapter, I urge you first think critically about the values that you have acquired at Riara University, values such as excellence, leadership, hard work, integrity, innovativeness, and selfless service to others. My prayer is that these values underpin your actions throughout your life, as you become a role model to your colleagues, juniors, bosses, siblings, relatives, and future generations.

Further, I challenge you to always think about being the solution and never the problem. Many lives will depend on you out there so you must rise to the occasion and strive for greatness as a role model. The future of Africa and Kenya is in your hands. I urge you to think globally but act locally. Your conquest of the programme that you are graduating from today should inspire you to realise that you can conquer any challenge that will come your way.

Above all, may you always find the heart to serve and advocate for the less fortunate in society. Feed the hungry, empower the down-trodden, advocate for the voiceless, and impact every life that you will be privileged to meet on this earth.

Congratulations Class of 2024 and may the Almighty God light your path and bless you and your dear families abundantly!

Chair, University Council's Message

Class of 2024: Embrace Your Role as Changemakers in a Rapidly Evolving World

Today marks the culmination of one phase of your academic journey and the start of your role as an **empowered changemaker** in a rapidly changing world. You graduate in a world that is remarkably different from the one I graduated in and I marvel at the creativity of your generation and what you can do with your skills, talents, and opportunities. Technology has opened up the world to anyone who dares to dream and I am confident that you the Class of 2024 are not only ready to dream, but to actualize your dreams.

However, whereas RU has prepared you well, you will need to continuously hone critical skills to navigate the world ahead. These include **critical thinking** and **problem-solving skills** to create innovative and transformative solutions locally and globally; the **ability to collaborate and work in teams**; **digital skills** to process the incessant streams of information and to work with all the technologies coming up every day; **ability to communicate effectively and appropriately** to people of diverse backgrounds and statuses; **flexibility and adaptability** to the new normal of constant disruptions; and **perseverance**. Success is not a sprint, it is a decathlon so always be ready to adjust your sails according to the rightful winds that you will encounter throughout your adulthood.

Finally, be an **excellent leader** wherever you go, whether you get a title or not, starting with leading an exemplary life yourself, then leading others towards collective greatness.

As **Vanguards**, you are not only prepared for the future, but you must shape it. Be creative, assertive, imaginative, innovative, entrepreneurial, and true to self and country. The world is yours to conquer and we are cheering you on!

Congratulations, Class of 2024, I wish you every success!

Vice Chancellor's Message

Celebrating Vanguard Graduates as Change Makers Ready to Transform the World!

I am immensely proud of you Class of 2024 on this your auspicious occasion. It is not easy to wear that gown and I know you couldn't be prouder of yourselves and so are your faculty, parents, friends, and relatives. Congratulations Vanguards!

Being a Vanguard means being at the forefront of change, to take risks, and to persevere in the face of adversity. I urge you to believe in yourself, and most importantly, to stand for what you believe in as the Change Maker we have taught you to be!

Note that the world is changing very fast. You must therefore always reach for your inner child and approach challenges with curiosity, creativity, fun, and innovativeness. I have seen a lot of creativity in you, from the group presentations, projects, competitions, and the light moments we have shared with the many of you that I have been privileged to meet in person. It is an absolute honour being your VC.

However, this Commencement is not the end of education, but the commencement of an exciting journey of lifelong learning. You must therefore maintain a teachable spirit and an undying curiosity for learning the best skills you need at any point in your journey. Invest in transforming yourself and your mindset daily.

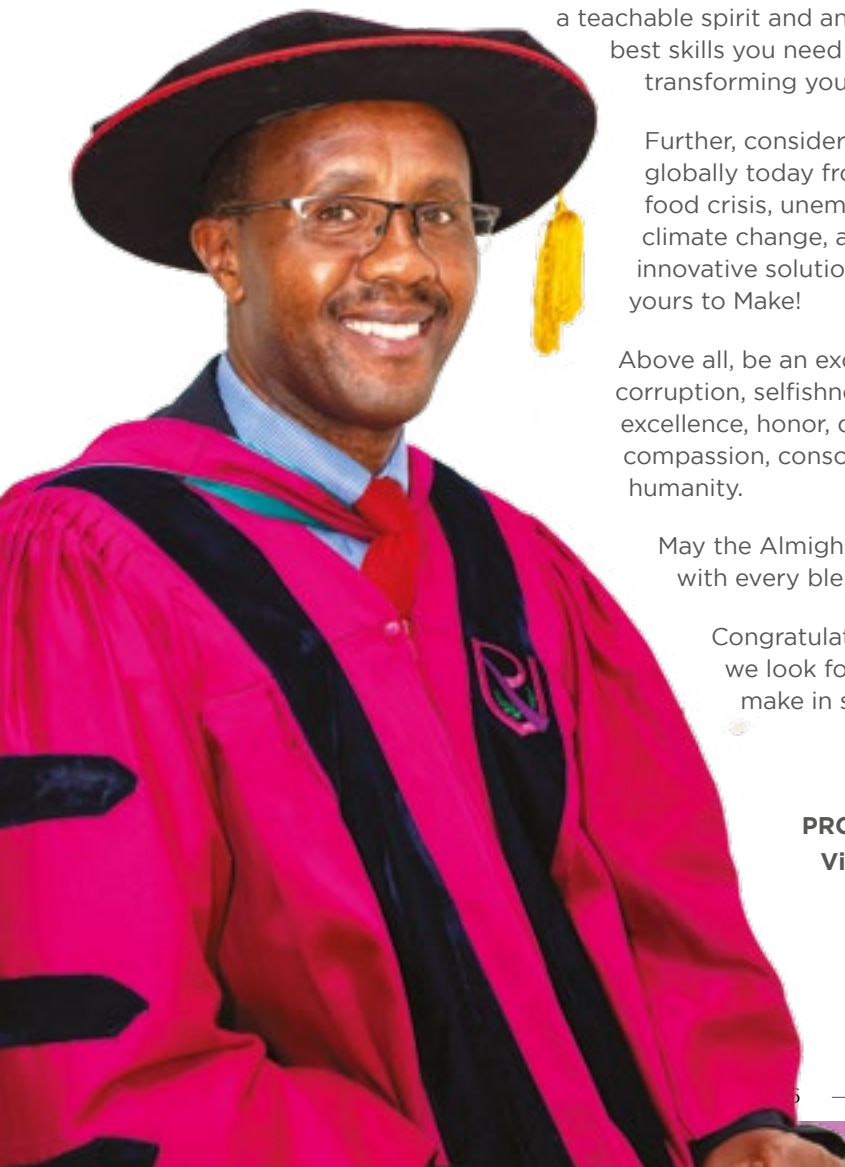

Further, consider all the challenges we face in Africa and globally today from exponential population growth, to food crisis, unemployment, social injustice, inequalities, climate change, among others as opportunities requiring innovative solutions from you. The Change you need is yours to Make!

Above all, be an excellent human being! Abhor greed, corruption, selfishness, pride, etc.; and instead embrace excellence, honor, dignity, the fear of God, discipline, compassion, conscientiousness, and selfless service to humanity.

May the Almighty God guide you always and favour you with every blessing!

Congratulations, Vanguards! We celebrate you and we look forward to the incredible impact you will make in society.

Alumni Association Chair's Message

Embracing Dreams, Joining the Alumni Chapter, and Making a Difference in the World

The beauty about today, beyond your glittering crowns is the dreams and aspirations that Riara University has incubated and made a reality. I'm therefore so glad that the Riara story keeps getting manifested every year. And you have an opportunity to go to the world and be a difference.

I take this momentous opportunity to welcome you to our vibrant Alumni Chapter. We believe that a little bit more of we and a little bit less of I is all we need to make this world a better place.

The future is always uncertain, but we who celebrate what you have done, who celebrate all of your achievements, we are certain of one thing on this day; that you will not let us down.

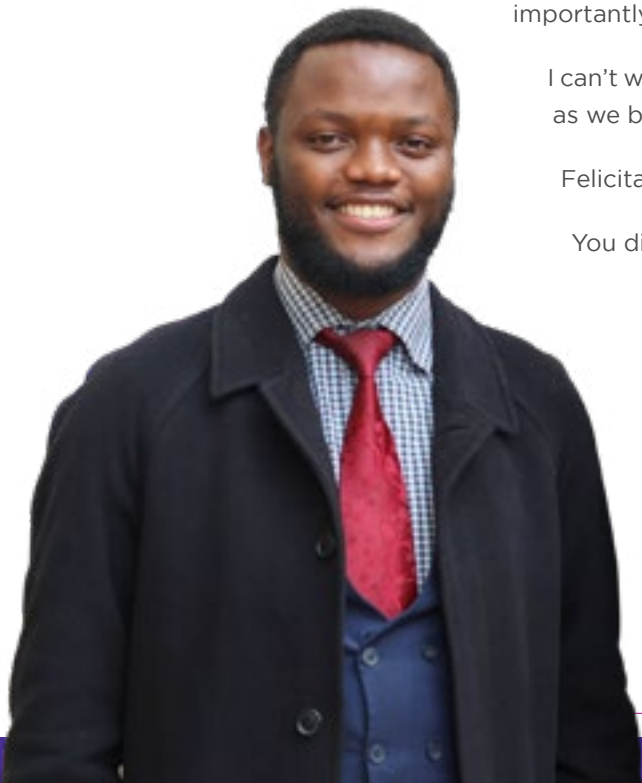

Riara will forever remain to be the wind underneath your wings. We are forever going to be proud to be associated. Go into the world and do well, but most importantly go into the world and do great!

I can't wait to usher you into the Association and partner together as we build each other remaining faithful to the Riara story.

Felicitations Friends!

You did it!

COLLINS OLUOCH
Chairperson, Riara University Alumni Association
(RUAA)

Our Track Record

Riara University was founded by Educationists, Mr. Daniel & Prof. Eddah Gachukia, with over 40 years of Excellence in Education and whose core business is EDUCATION, through the Riara Group of Schools. A 2009 Report of the Directorate of Quality Assurance of the Ministry of Education states that: "...the Riara Schools should be made a model for other private school developers." Prof. Eddah Gachukia has played a major role in Government on Education, assisted in management of public and private universities at Council levels and other governance levels. The Guiding Mantra of the Founders has been: Quality Education is the Solid Bedrock for National Development
